 **BERGMED**
INTERNATIONAL

About Us

Bergmed International is a leading manufacturer and exporter of premium surgical instruments, headquartered in Sialkot, Pakistan—a city globally renowned for its medical instrument craftsmanship. We focus on precision, durability, and compliance with international quality standards, delivering reliable instruments to healthcare professionals and distributors worldwide.

Our Commitment

We are dedicated to excellence in every instrument we produce. Our products are engineered to meet the rigorous demands of surgeons, hospitals, and clinics globally—ensuring safety, reliability, and top-tier performance in every procedure.

Export Focus

With a strong international presence, we export our products to North America, Europe, the Middle East, and beyond. Our strict adherence to global regulatory and quality standards makes Bergmed International a trusted partner in the global surgical supply chain.

Specialized Product Line

We offer a wide range of surgical instruments, with specialization in:

- Suction Tubes
- Liver Retractor Systems
- Bookwalter Retractor Systems
- Omni Retractor Systems
- Thompson Retractor Systems
- Myfield Retractor Systems

These instruments are valued for their durability, precision, and consistent performance in critical surgical environments.

Quality Assurance

Bergmed International is ISO certified, demonstrating our commitment to stringent quality management, regulatory compliance, and continuous improvement across all operations.

Certifications & Compliance

Bergmed International is proudly ISO 13485:2016 certified, ensuring that our quality management system meets the highest standards specific to the design, manufacture, and distribution of medical devices.
